- Primavera P6 Project Management consultant at SWS Engenharia e Montagem while at Petrobras Abreu e Lima Refinery Vapor Generator refurbishing (3 months long project).

Achievements

I was a businessowner, manager and director of multinational company installed in Brazil. I have been a sales professional since 1992 when I founded Terasoft, an enterprise in which Grupo Moura Baterias was a partner. Most recently I served as director of sales and marketing for EDAX, a national manufacturer of hospital management software. Previously, I worked as a Northeast regional manager at Zeiss. I worked as Procurement sales consultant, performing the integration between the commercial area that sold the ERP, the development area that made it and the deployment area. As an independent consultant in parallel, I supported ERP selection, hardware / software infrastructure, assembled teams of managers for clients. I participated in strategic planning for most of the companies I worked for.

Training and education

PDG - Manager Development Program: Manager Training and Training Initiative - March to September 2012

Introduction to Finance - University of Michigan (Coursera) - May to October 2012

Financial Management - Universidade Católica de Brasília - in progress

Oracle Sales Championship - Oracle - December 2007

Qlikview Sales Pitch - Qliktech / Business Intelligence - December 2011

GENERAL OBSERVATIONS

- Extensive knowledge of processes and techniques of the systems development cycle.
- Domain of the deployment cycle of goods and services in the area of Information Technology
- Accustomed to results oriented work with achievements in various areas.
- Leadership of teams with great capacity to motivate subordinates.

I focus on new business development and have a talent for reversal of critical situations. With vast experience and right posture to handle senior executives at client companies. I renegotiated deficit contracts, reversed customer dissatisfaction, expanded billing within the installed base.

I am available to travel and I know 24 of the 27 states of Brazil with business connections in practically all of them.

Last Salary: R \$ 10,000.00 fixed (plus benefits) and commission averaged around R\$ 6,000.00

Salary Pretension: Fixed salary of R\$ 10,000.00 (plus benefits) plus some form of variable remuneration linked to results
